

ISSCT SECURED KEYNOTE SPEAKER

Dr. Paul Zorner, ISSCT Keynote Speaker

Dr. Paul Zorner is founder of several agricultural biotechnology companies across the world and is currently Director and Scientific Officer of Principle Energy Limited (PEL). This is a South African based venture, focusing on establishing a green energy platform in Southern Africa.

Paul's responsibilities include technical, policy and strategic oversight of programs for development of ethanol and green power from sugarcane, and he is currently leading initiatives to form partnerships aimed at design, construction and operation of sugar cane energy refineries.

Visit the ISSCT Congress website for regular updates on the speakers and programme!
