Mr Chairman, Ladies and Gentlemen:
It is my privilege to give this report to all who are present here today.
The society has presently 1,443 members from 61 countries broken down as follows:

- Individual Members: 1,319
- Affiliated Members: 21
- Corporate Members: 44
- Institutional Members: 39
- Honorary Life Members: 20

1,443

Out of the total of 784 delegates who are presently attending this Congress, 644 of these are from 51 countries and 140 are from Thailand. There are 103 ladies who are taking part in this Congress, bringing a grand total of 887 delegates and ladies.

It has been a pleasant and satisfying experience working with the members of the Congress Organizing Committee who were very helpful in the preparations towards making this a successful Congress. We believe we have met the purpose of holding a Congress the XXI ISSCT Congress in Thailand. Thank you.

Manu Leopairote
Congress General Secretary-Treasurer

REPORT OF THE TECHNICAL PANEL

Since the XX Congress in 1989, eight very successful workshops were conducted with attendance of over 370 members from at least 40 countries. Your Technical Coordination Committee met in Bangkok in November 1990 to plan the technical side of this Congress.

Four Technical Newsletters were published in the period, but not without considerable trouble in obtaining copy. Consequently, these Newsletters will be discontinued although provision will be made within Congress Newsletters for those wishing to submit technical notes to the Technical Committee Chairman.

Approval has been given to the Pathology and Breeding Sections to revive their specialist Newsletters - SPN and SBN - with a small subsidy from ISSCT.
Council has approved this lists of the technical officers for the next Congress and the nine Workshops to be held in 1993 and 1994. It has also approved an amount of US$ 58,000 from Society funds to help finance the Workshops and other Society activities.

CCLXIII
FACTORY COMMISSION

Commissioner: B. S. Purchase
Deputy Commissioners: (Spanish) B. Rodrigues (French) G. Lionnet
Processing Section Chairman: B. S. Purchase
Engineering Section Chairman: R. W. Gellie
Combined Factory Committee: R. W. Gellie (Ch), J. J. Bhagat, S. J. Clarke, M. Hylton, B. S. Purchase

PRODUCTS COMMISSION

Commissioner: P. Nogueira Jr.
Deputy Commissioners: (Spanish) P. Nogueira Jr., R. De Armas (French) S. Marie-Jeanne
Energy Section Chairman: P. Nogueira Jr.
By-Products Section Chairman: P. Nogueira Jr. (Ch), H. Bernhardt

WORKSHOPS

Nine workshops will be held in a wide range of countries and hosted by a diverse group of research organizations. Dates are to be confirmed later, and details will appear in Congress Newsletters.

- Agronomy: Nicaragua (Conazucar) mid 1994
- Agricultural Engineering: Réunion (CFCS) September 1994
- Molecular Biology: Brazil (Copersucar) early 1993
- Breeding: France (CIRAD) March 1994
- Pathology: Australia (BSES) early 1994
- Entomology: South Africa (SASEX) mid 1994
- Combined Factory: Jamaica (SIRI) November 1993
- By-Products: Cuba (ICIDCA) mid 1993
- Energy-Factory: India (STAI) late 1994
